

INDIAN SOCIETY OF EXTENSION EDUCATION

(Regd. under Society Registration Act 1860 (Regd. S-2504 of 1964-65))

Indian Society of Extension Education (ISEE) Awards

The Indian Society of Extension Education, New Delhi has instituted various awards, which are conferred on high-caliber extension educationists in recognition of their meritorious works & services to the disciplines of Extension Education. The applicants willing to contest are expected to send a soft copy of their resume along with documents as per format of different awards to a dedicated email on or before the due date announced in the brochure of the National Seminar. Presence of selected candidates for the award is must in the seminar. The application for awards may be sent on the dedicated email iseenewdelhiawards@gmail.com

General Guidelines for ISEE Awards

1. The Evaluation of ISEE awards is based on two major criterion
 - a) 25 % weightage is given for Contribution to ISEE,
 - b) 75 % weightage will go to biodata and other related contributions as envisaged for particular award.

The criterion like number of membership mobilized for ISEE, Number of papers reviewed for IJEE, funds generated for ISEE, number of General Body (GB) Meetings attended and contribution in GB, number of ISEE Seminars attended during previous 10 years etc. will be judged towards the contribution to ISEE.

2. To apply for any of the awards, it is mandatory that the prospective applicant must have attended at least three National Seminars out of the last five National Seminars.
3. A candidate receiving any award must have observed a cooling period for at least two National Seminars/ years before applying and to be considered for another ISEE award.
4. The minimum period of membership of ISEE for all the ISEE awards is mandatory. For ISEE Young Scientist and Best KVK Scientist a member should be minimum three years old, whereas for all other awards one should have not less than 10 years old membership.
5. Any individual having Master or Doctoral degree in Extension Education can become an ordinary or life member of the society by paying fee determined for the purpose. However, Ordinary membership is open for all interested in the field of extension education. Ordinary membership is valid for one year only. To continue their membership, ordinary members have to get it renewed on yearly basis.
6. All the awards will be given in National Seminar in persona. In case any recipient fails to reach physically in National Seminar to attend and receive the award, the candidature for such recipient will be rejected. In no case the candidature in absentia will be considered.
7. The application for ISEE Fellow Award should be recommended and forwarded from respective zonal vice president where the 25 % marks for the candidate's contribution to Indian Society of Extension Education, New Delhi will be marked (confidentially) by the respective vice president. There is no limit of applications from any zone. In case any Zonal Vice President wishes to apply for this award, his/ her application will be forwarded by the Secretary of ISEE and accordingly the marks for contribution to Indian Society of Extension Education, New Delhi. If the Secretary of ISEE wishes to apply, the President ISEE will forward the application.
8. Any ISEE life member can propose the name and two other eminent life members should second the nominee for Life Time Achievement Award. A soft copy of nomination paper along with a brief resume should be sent in time.

INDIAN SOCIETY OF EXTENSION EDUCATION

(Regd. under Society Registration Act 1860 (Regd. S-2504 of 1964-65))

LIFE ACHIEVEMENT AWARD

The highest and the most prestigious ISEE Award introduced in 1999 is conferred during National Seminar Award is open to both Indians and the overseas Extension Professionals. Age, citizenship and ISEE membership are no bar.

Some of the guiding traits expected in the recipient are: The recipient should have worked for decades and made substantial contribution to the discipline of Extension Education. The power and popularity enjoyed by the person is unquestionable. His/her work catapulted him/her to fame. His/her talent and influence is undeterred in the discipline of Extension Education. His/her legacy is not only confined to his/her own achievements but has also generously imparted his/her knowledge and played mentor to next generation. The person is the king, technical wizardry, a new genre, and a cult-figure. He/she is a unique phenomenon and carries a dynamic personality.

Any ISEE life member can propose the name and two other eminent life members should second the nominee. A soft copy of nomination paper along with a brief resume should be sent in time.
